WHO IS MEDHOST?

MEDHOST®

For more than 35 years, MEDHOST has partnered with hospitals of all types and sizes providing solutions and services that enable high quality patient care and improve business operations. Managed by our experienced team of HIT specialists, our clinical, financial, and patient engagement solutions help ensure a smooth continuity of gap-free care that keeps everyone in the loop.

CLOUD HOSTING

A cloud-based solution with a predictable cost structure, providing a secure environment that frees up time for internal IT teams.

RADIOLOGY, LABORATORY, AND PHARMACY

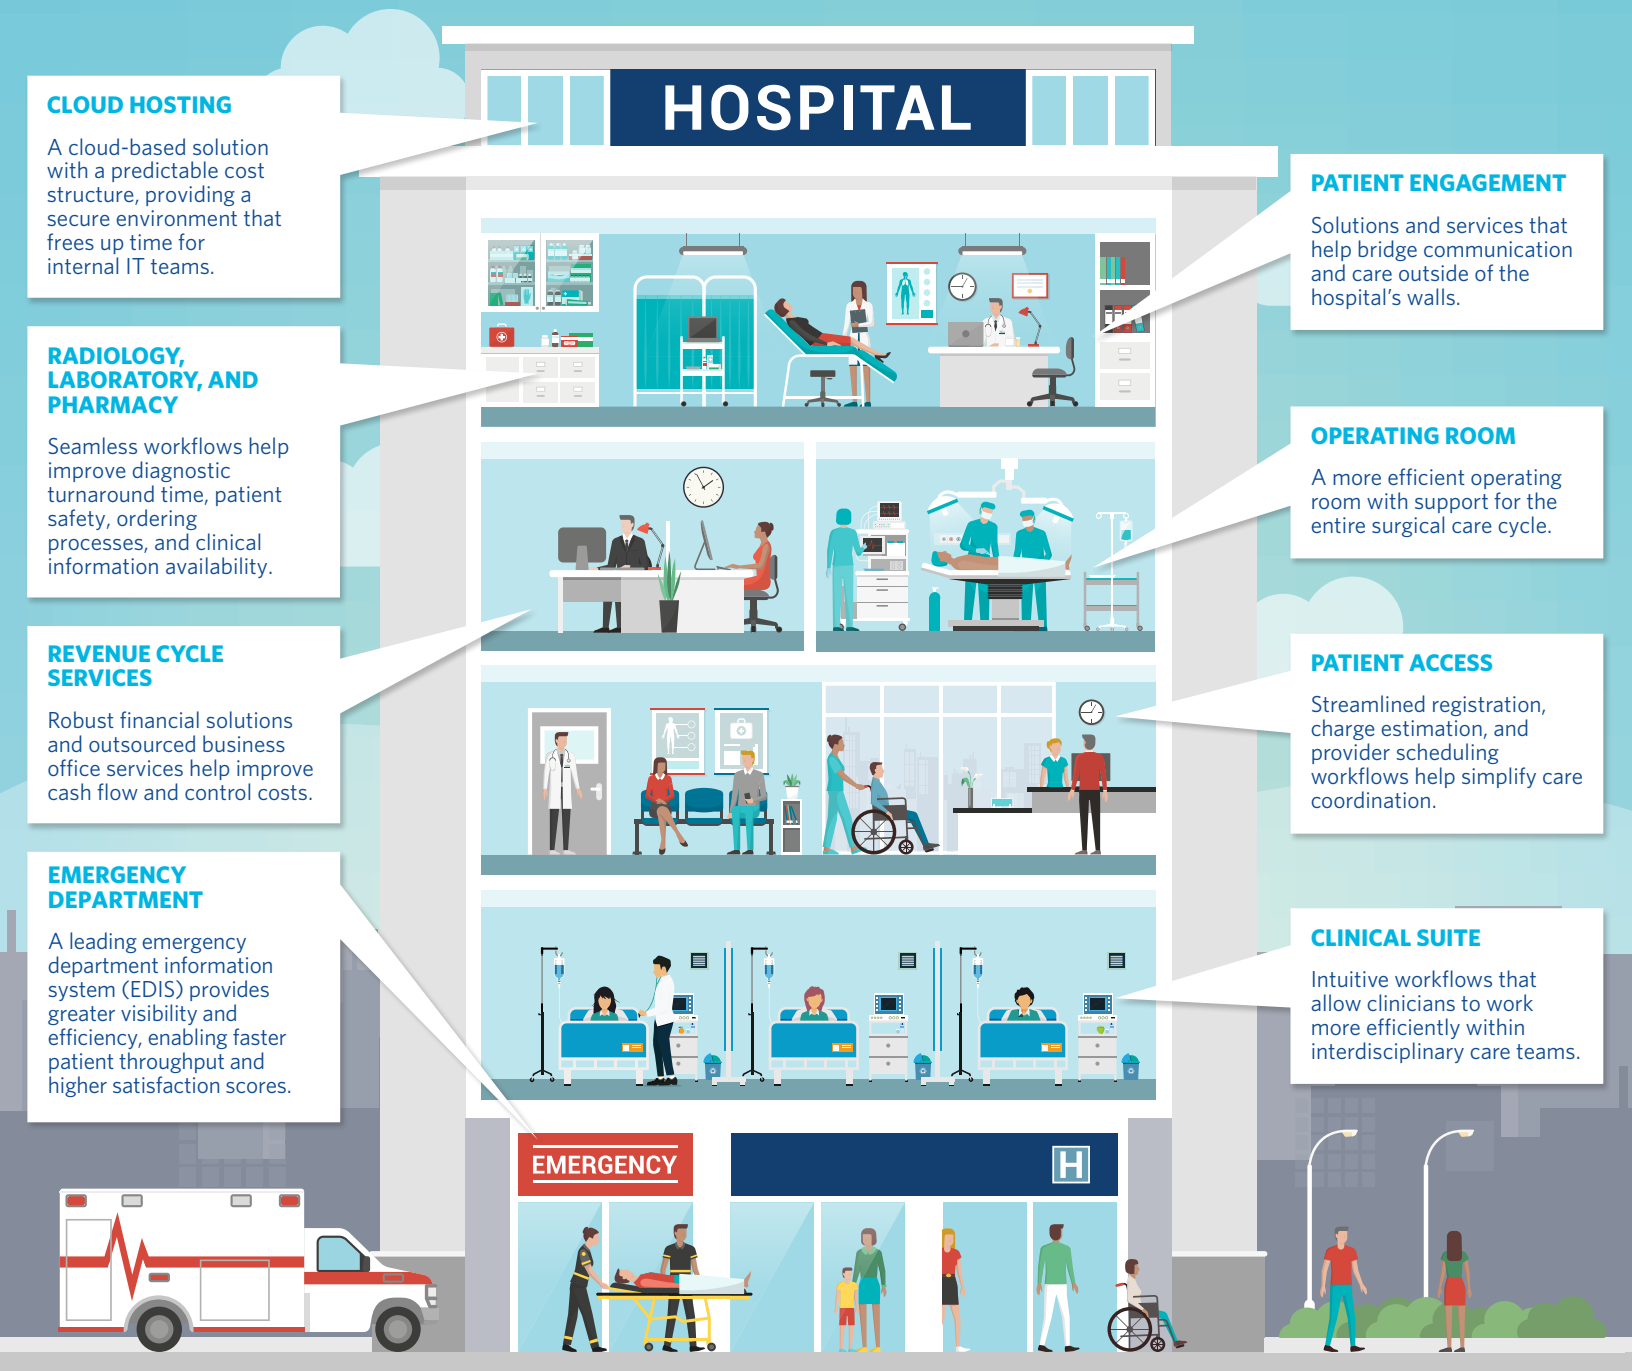
Seamless workflows help improve diagnostic turnaround time, patient safety, ordering processes, and clinical information availability.

REVENUE CYCLE SERVICES

Robust financial solutions and outsourced business office services help improve cash flow and control costs.

EMERGENCY DEPARTMENT

A leading emergency department information system (EDIS) provides greater visibility and efficiency, enabling faster patient throughput and higher satisfaction scores.



PATIENT ENGAGEMENT

Solutions and services that help bridge communication and care outside of the hospital's walls.

OPERATING ROOM

A more efficient operating room with support for the entire surgical care cycle.

PATIENT ACCESS

Streamlined registration, charge estimation, and provider scheduling workflows help simplify care coordination.

CLINICAL SUITE

Intuitive workflows that allow clinicians to work more efficiently within interdisciplinary care teams.

Proudly Serving 1,000+ Facilities Nationwide

- Multi-Facility Hospital Systems
- General Acute Care
- Critical Access
- Inpatient Behavioral
- Long-Term and Post-Acute Care
- Community Hospitals
