

The MEDHOST Rural Emergency Hospital Solution

MEDHOST® Has Your REH Needs Covered.

Here's how we do it: Our comprehensive, enterprise-wide service package simplifies rural emergency hospital (REH) designation adoption by blending top-notch personnel with industry-leading technology.

MEDTEAM SERVICES

- Application management
- Revenue cycle management
- IT outsourcing

MEDHOST EMERGENCY DEPARTMENT INFORMATION SYSTEM (EDIS)

- The ultimate all-in-one ED solution
- Out-of-the-box functionality
- Intuitive and rapid workflow designs
- Automated charge capture to streamline billing & collections
- Seamless interoperability connecting your community

Why MEDHOST?

With over 35 years of experience, MEDHOST is a trusted rural and community healthcare partner. Our comprehensive clinical and financial solutions, including a cutting-edge EDIS, help providers nationwide to elevate patient care and achieve operational excellence.

Outsourced Services

MEDTEAM Services can reinforce critical areas of your hospital without adding additional staff. Our partnership delivers:

- Streamlined management of SMEs, systems, and technology
- Accelerated cash flow

Cloud-Based Hosting

Our world-class data center provides a complete cloud platform solution that benefits your hospital by:

- Reducing the total cost of technology ownership
- Helping to ensure patient data is safe, secure, and available to care teams

Enterprise Ancillary Solutions

Our enterprise-wide platform optimizes business and clinical operations through a range of impactful features, including:

- Diagnostic orders (labs and radiology) for the ED
- Process medication orders through pharmacy verification and interaction
- YourCare Continuum® which streamlines connecting diagnostic and outpatient orders from owned and non-owned clinics to the REH, creating a seamless patient experience while maintaining important revenue streams.

Enterprise Financial and Patient Accounting

Meet your operational needs and deliver an exceptional patient experience with:

- Front-end registration
- Coding
- Automated charge capture
- Discharge, transfer, and revenue cycle billing

MEDHOST EDIS

Our flagship emergency department system, MEDHOSTS EDIS organizes real-time patient statuses via an industry-leading tracker board while supporting fast and efficient workflows.

By eliminating unnecessary elements like drop-down menus, excessive screens, confusing dialogue boxes, and redundant keystrokes, this solution helps healthcare providers maintain a sharp focus on improving patient outcomes.

Digital Patient Experience

We offer a range of innovative solutions to enhance patient engagement and improve overall care outcomes. Take a closer look at our key offerings:

- YourCare Community® Patient Portal provides a user-friendly platform for managing patient needs, such as scheduling and viewing test results.
- YourCare Everywhere® delivers customized health and wellness content to engage consumers.
- YourCare Marketing™ Services can support your awareness and wellness campaigns, improving patient care.
